

BLAMES CRIME TO CHAIN GANG

Secretary of the Freedman Aid Society Tells of Revolting Conditions Existing.

TRAIN CRIMINALS

Men, Women, Youths and Hardened Criminals Placed in Same Stockade for Work.

Cincinnati, Ohio, Oct. 12.—Outrages by negroes are charged to the chain-gang prison system by Dr. W. P. Thirkfield, secretary of the Freedman's Aid society. The annual meeting of the Evangelical alliance is in session, and it was there Dr. Thirkfield spoke. In part he said:

"Far be it for me to utter one word in extenuation of the unspeakable crime of which some black men are guilty. Let us keep in mind, however, that only about 20 per cent of the black men who are lynched have even been charged with the unspeakable crime against the sacredness of womanhood.

Schools of Crime. "In estimating criminality among the black people, we should keep in mind that since Appomattox nearly every Southern state has maintained a school of crime—an organized institution for the training of criminals.

"This I charge against the convict lease system of the South. This system, with its thousands of victims, has been the cause of much of the out-breaking crime among black people through its brutalizing and dehumanizing influence on thousands of negroes.

Worse Than Slavery. "To the lessees the body and soul of convicts are assigned. The motive of both state and lessee is not morals, but money; not reformation, but exploitation of criminals for gain. It is crime turned into a source of revenue; the brawn and blood of criminals bartered for gain.

"Criminals are generally scattered in branch prisons—quartered in rude stockades without proper sanitation, food or clothing. The average life of these convicts is less than ten years.

Herd Prisoners Like Cattle. "Old and young are promiscuously chained and herded together. Even men and women are in some camps not separated. Hardened criminals and the boy convicted of his first crime; the comparatively good and the most depraved, vile, and abandoned are chained together.

"One warden of a state penitentiary protests in his report that 'under the present law and custom the penitentiary is the school of crime instead of being a reformatory institution. Of the fifty boys under 18, nine-tenths of them leave prison much worse than when they came in.'

SUPREME COURT WARNS AGAINST INTIMIDATION

Tells Trades Unions That They Must Not Recruit From Nonunion Ranks by Forceful Means.

Philadelphia, Pa., Oct. 12.—Trades unions must not recruit their ranks by any form of intimidation of men belonging to other unions nor of non-union men," said Justice Dean of the Supreme court in an important ruling on a question of labor compulsion.

"Where the law of a trade union conflicts with the first clause of the constitution, guaranteeing to citizens the right to acquirement, possession and protection of property, the constitution shall prevail and must be upheld by every court in this commonwealth. If the members of the Allied Building Trades of Philadelphia shall further disregard these principles the courts of Philadelphia know how to compel their submission."

This decision was made on an appeal from Court of Common Pleas in a case where the Allied Building Trades of this city was enjoined against compelling members of the Plumbers' league to join the alliance. Not only is the decision of the lower court affirmed, but it is emphasized in language evidently calculated to settle once for all this phase of trade union warfare.

ROBBED STORE AT MILTON ON SUNDAY

Clarke Brothers' Store Entered, But Postoffice Was Not Touched.

On Sunday night the drug and book store of Clarke Brothers at Milton was entered by burglars and a sum of money amounting to between eight and ten dollars was taken from the change drawer. The thieves entered by way of a window in the rear of the postoffice and went immediately into the portion of the store set aside for drugs and books. They found the safe open and dumped the contents on the floor, but finding nothing of value next opened the cash drawer where they secured the money mostly in pennies. The postoffice department was not disturbed at all.

MANY CASES ARE INVESTIGATED

Humane Society of This City Doing Good Work—Annual Meeting Held Last Night.

S. B. Kenyon made a report to the Humane society at their annual meeting at the home of Mrs. E. Woods last evening. His report showed that 57 cases of cruel and abusive treatment had been investigated, that fifteen cases were children, thirty-eight horses and the remainder dogs. A list of the directors for the different wards is given below. The following officers were elected for the ensuing year:

President, E. B. Helmstreet. Vice Presidents, W. G. Palmer and W. T. Vankirk. Secretary, Mrs. E. F. Woods. Treasurer, Mrs. Mary W. Crosby. Collector, Mrs. John Peters. Agent, S. B. Kenyon. Attorneys, M. G. Jeffris, Chas. E. Pierce, Wm. Smith, J. J. Cunningham.

First ward—E. T. Fish, Mrs. Frances C. Tallman, Miss Melissa Chitenden, Miss Mary Field, Miss Cornelius Reddy. Second ward—J. M. Whitehead, Francis Grant, Mrs. C. L. Valentine, Mrs. John Peters.

Third ward—Victor Richardson, Philip Norbert, Richard Valentine, Mrs. Harriet Marshall, Martin H. Morse.

Fourth ward—W. M. Jeffris, C. W. Schwartz, Mrs. F. A. Capelle. Fifth ward—Rev. Robert C. Denton, Paul Rudolph, Herman Lemke.

Will Found New Colony. Syracuse, N. Y., Oct. 12.—Floyd North of Los Angeles, Cal., will marry Miss Florence C. Tyler. With thirty-five residents of Syracuse and Casanova, the couple will start for California in a special train, and near Los Angeles they will found a colony.

LOCAL KNIGHTS LEAVE TODAY

An Impressive Parade of Six Hundred Uniformed Knights Templar in Milwaukee.

Messrs. Ehringer and Howe, the two Knight Templars from Jamesville who will attend the convocation at Milwaukee this week, leave today for the scene of the big gathering. This afternoon one of the prettiest parades seen in the Cream City for many years was witnessed by the thousands of citizens who turned out to see the Knights in line.

Six hundred of them, in full uniform, marched through the principal streets of the town and in the procession were the one hundred delegates to the convocation, four hundred members of the Ivanhoe and Wisconsin commanderies as escorts and then between one and two hundred visitors acted as assistant escort. Sir Knights from out of the city were met at the depots by the various local commanderies.

SPARKS FROM THE WIRES

"Golden Rule" Jones, mayor of Toledo, O., has been asked to hold a special election for the purpose of deciding the question of Sunday saloons.

About 130 of the 350 Chinese taken into custody at Boston have been released, the requisite papers having been produced. The rest will be deported.

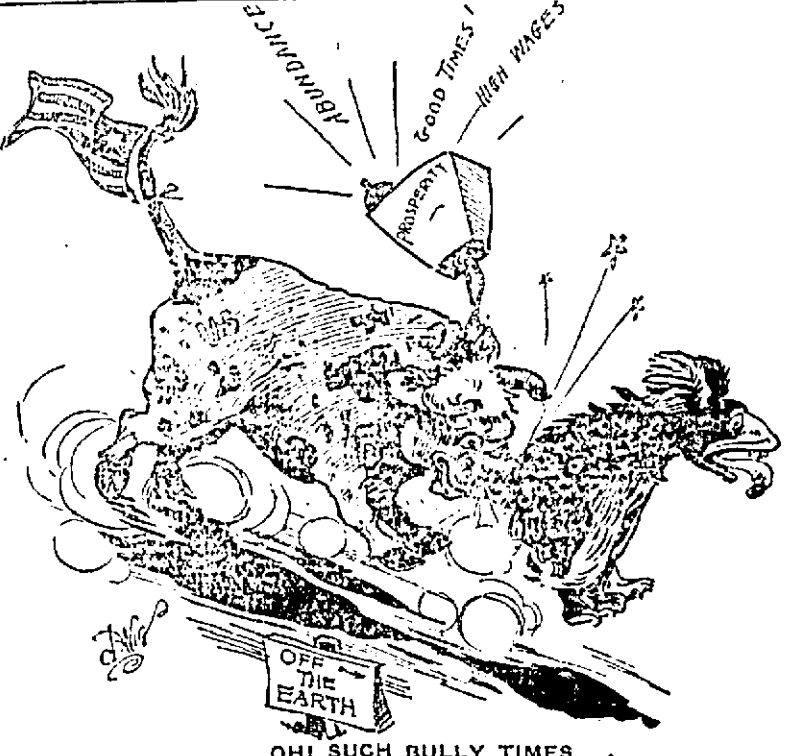

The republic of Santo Domingo will heed the protest of the United States and recall the bill before congress denying certain harbors to be free ports.

Richard Cavanaugh, secretary of the Illinois Commercial Men's association, must answer a charge of contempt of court at Elgin, Ill., for not paying alimony.

In a whiskey quarrel on the Blackfoot reservation, Montana, Wakes-Up-Last, his wife and three children and two friends were killed and two others seriously wounded. Four arrests have been made.

Jack Willets, aged 16 years, son of Howard Willets of White Plains, N. J., owner of Hetherbloom, the champion jumping horse of the world, is dead, as a result of a slight bruise on the leg. Blood poisoning developed.

Chief of Police Noble Wallingford, Councilman E. E. Hill and Patrolman Hackett, all of Nome, Alaska, have been arrested on a charge of blackmail brought by Annie Brown a dance hall keeper, who alleges she had to pay \$700 for protection.

DOWIE TO INVADE

He Has His Army Ready for the Grand Assault Upon Wicked New York City—Such a Crusade Has Not Been Started Since Days of Peter The Hermit.

(Special by Scripps-Mellae.) Zion City, Ill., Oct. 12.—Zion City teemed with activity today in preparation to the march of three thousand members of the reformation host upon New York. The members of the host were made up at daylight, visiting the stores, banks, and other institutions making ready for the journey. Hundreds of visitors are in the city inspecting the various buildings and watching the Zionists packing their belongings. Dowie was visited by throngs who asked his individual blessing before the departure. Deacons were kept busy all day inspecting the traveling kits of cooking utensils, clothing, and toilet articles of the host. Last night's meeting for the final instructions lasted until two this morning. Dowie blessed the host and home guard and declared the reform of the world begins with New York's invasion. He expects twenty-five thousand converts in New York alone.

TURKEY FACES MANY TROUBLES

ARABIANS NOW SAID TO BE READY TO RISE.

INSURGENTS WIN A VICTORY

Monastir Was the Scene of a Rout of Turks, Very Recently.

(Special by Scripps-Mellae.) Constantinople, Oct. 12.—Word has been received here of serious disorders that have occurred at Antioch in Arabia. Reinforcements have been hurried to the scene.

Vienna, Oct. 12.—A Sofia dispatch states that Monastir insurgents scored a brilliant victory over an immense Turkish force consisting of ten battalions, two batteries and four squadrons of cavalry. Twelve hundred insurgents were engaged. The Turks lost seventy-eight killed; the insurgents seventeen. Stubborn fighting was also reported in the past few days at junction of the Serbian and Turkish Bulgarian frontiers between four hundred insurgents and a mixed force of Turks and Albanians. The details are unobtainable.

WILL CONSIDER THE PROPOSITION

Common Council Will Take Up Special Policemen Question at a Future Date.

At the council meeting a communication was read from the board of education asking that all off the janitors in the city schools be appointed special policemen without pay. This request caused considerable discussion as it was urged that some janitors might not have the qualifications or experience necessary to hold such an office successfully. The matter was finally postponed until the next meeting.

Church Janitor Policeman John W. Webb, janitor at the Court Street Methodist church, at his own request was appointed special policeman without pay as it is claimed that much annoyance is caused to church goers by the janitors in the vicinity of that street corner and that there are disturbances there at night.

Courthouse Walks to be Repaired. The contract for repairing the tar walks around the fountain and in other portions of the courthouse park was awarded to J. Roessling and the order for the appropriation necessary was adopted. The amount for this purpose is not to exceed \$101.

Resolutions on Death of W. Ross. At the last meeting Alderman Sale was appointed a committee of one to draw up resolutions expressing the feeling of the council in the death of William Ross. Judge Sale read the resolutions last evening and they were adopted. A copy will be sent to Mrs. Ross.

Laoni Band This Eve! The Laoni band of the Congregational church will hold a regular meeting at the church parlors this evening.

MANY LOOK AT NEW NOVELTIES

Exhibit of the Hook & Eye Company Attracts Much Attention.

The exhibit of the U-Plin-Hook and Eye company is attracting considerable interest. The many novelties are new and unique and also very useful. At the factory the three machines already arrived are also the objects of much interest to visitors. Mr. Mills says that after they are in place and in running order he will be glad to issue permits to visit the factory, but at present the workmen must be allowed free play without any interruption. The general offices will be located in the building with the factory and will mean the removal of a half dozen persons from Chicago. The expert machinist from Waterbury, Conn., who is to set up the machines, is expected today or Wednesday.

PROGRESS SHOWN IN PAST YEAR

Episcopal Church of the Milwaukee Diocese Made Annual Report Recently.

The council of the Diocese of Milwaukee of the Episcopal church, which includes only half of the state, the other half comprising the Diocese of Fond du Lac, listened to most encouraging reports at its annual meeting held in Milwaukee a few days ago. The finances were found to be in good condition. A new \$16,000 Episcopal residence for the bishop, the building of some new churches and the repair and improvement of many others and valuable memorials and gifts throughout the whole Diocese were among the fruits of the year's labors. The Diocesan institutions also were found to be taxed to the utmost of their ability and to have received during the year many large bequests. Among the chief of these institutions are Racine college; St. John's Military Academy, at Delafield, Wis.; Kemper Hall, Kenosha, Wis.; the Theological Seminary at Nashotah, Wis., and various charitable institutions throughout the Diocese. New members added to the church by baptism and confirmation exceeded thirteen hundred for the year. There were twenty-one ordinations during the year, eleven to the Diaconate and ten to the Priesthood. There are twenty-six candidates for the ministry, preparing for holy orders within the Diocese at the present time. Progress is conspicuous all along the line. A \$100,000 endowment for the Episcopate is now being worked for and half of the amount is already on hand.

WAR NOW SEEMS VERY IMMINENT

Japan Has the Best of the Situation on Paper Thus Far.

London, Oct. 12.—The opinion that war is at hand between Japan and Russia is well nigh universal. Even the Japanese minister, Baron Hayashi, who all along has rather ridiculed the idea of war, seems to have lost confidence in the peaceful settlement of the difficulties, and while he does not say he believes war is about to involve his country, he indicates that such contingency is not impossible.

STATE NOTES

Herman Roscow of La Crosse, Wis., who attempted to murder his wife in church and then tried to commit suicide, is recovering and has been arrested.

Racine county farmers are to organize against people who hunt on their lands, steal apples, nuts and farm produce.

Frank Dolzal, aged 34 years while crossing a railroad bridge at Ladysmith, was struck by a locomotive and died from his injuries.

George Williams, a waiter at the Little Cosy restaurant, Oshkosh, has disappeared, as has also the contents of the cash register amounting to \$50.

Mrs. David Crestman, aged 26, of Clinton Junction, while suffering under a severe mental tension, fired a rifle ball into her stomach and is dying.

City Clerk D. H. Foster of Beloit will resign at the next meeting of the common council, and T. C. Hendley and Walter L. Cox are candidates for the place.

The Citizens' Telephone company of Sheboygan has decided on extending the present toll line from Brandon Lake, this county, to Fredonia, Ozaukee county.

Michael Dooley, 65 years old, called at the Racine police station for shelter. Dooley said a gang of thugs tackled him in Chicago, robbed him of \$85, and that the Chicago authorities refused to pay any attention to him.

Miss Clara Sands is confined to her room in Kenosha on account of being struck by a batted ball Sunday afternoon.

E. H. Hunter, a wealthy banker and politician of Des Moines, Iowa, will be put on trial for jury tampering, Judge Given refusing to dismiss the case. Jesso O. Wells, an ex-alderman and capitalist, and Michael Grady, another ex-alderman, also will appear on the same charge.

THREE WIVES DIE SUDDENLY

A Former Brooklyn Man Believed To Have Murdered Them for Their Life Insurance.

MUCH MONEY PAID

All Had Good Sized Policies on Their Lives, Made Out in His Favor.

New York, Oct. 12.—The news that E. S. Blydenburg, for many years a resident of Brooklyn, had been arrested at Eldora, Iowa, on a charge of poisoning his wife, disclosed the fact that for several weeks the county prosecutor and a detective from Iowa had been in Brooklyn working up a case against him.

The woman who died in Iowa was the third Mrs. Blydenburg. Her life was rather heavily insured. Before he went to Iowa Blydenburg buried two wives in Brooklyn. Both died under strange circumstances, and both were insured.

Believe They Have Evidence. All unknown to Blydenburg the authorities of Eldora went to Brooklyn, and what they learned in that borough on the first two wives and their deaths left them little doubt that these women died in much the same fashion as wife No. 3. On their report, when they returned to Eldora, Blydenburg was arrested.

F. H. Noble, the county prosecutor from Eldora, told the relatives of Blydenburg's first two wives and also the Brooklyn authorities that he believed the man could be convicted of the murder of his third wife on the evidence then in hand, but it had been thought wise to obtain all the facts about the deaths of the Brooklyn wives and get some of their relatives, if possible, to come out and testify at the trial.

Is Expelled From Church. Blydenburg was for a long time looked upon as a model man. He taught a Sunday school class and attended church regularly. Before he quit Brooklyn he had been turned out of his church and Sunday school with a warning never to enter them again, had been accused of several swindles, and was under a cloud of suspicion because of the way his two wives had died.

Blydenburg's first wife was Miss Emily Hawkins of Brookhaven, L. I. He married her thirteen years ago. Seventeen days after the birth of her child she died.

Blydenburg's second wife was Miss Laura Godbold, and she lived with her parents at 999 Lafayette avenue, Brooklyn. She died after an illness of four days.

PROMISES REFORM WHEN PEACE COMES

Defies Powers, However, to Enforce Them Before Macedonia Is Subjected.

Vienna, Oct. 12.—A dispatch from Constantinople declares that the sultan and Count Zinoview, the Russian ambassador, have an animated discussion over the Macedonian situation and the recent dual note of Russia and Austria demanding the appointment of a commission to be composed entirely of Christians to decide on the scope of the proposed reforms. The sultan is reported to have been very emphatic in his refusal to comply with some of the provisions of the note. He declared that until the insurrection was completely stamped out he would take no action on the demand.

Sofia, Oct. 12.—Details of the fighting on Oct. 5 at Setzi, in the Ditra district, between insurgents under Boris Sarafot and Turkish regulars, state that over 500 Turks were killed. The insurgents lost 25 killed and 25 wounded.

AMERICAN CLAIMS ARE SETTLED NOW

Minister Leishman Scores a Victory Over the Porte in His Negotiations.

Constantinople, Oct. 12.—Two more claims of the American legation have been satisfactorily settled, the more important being the issue of a fireman granting to Dr. Banks permission to excavate the ruins of Bismah in Mesopotamia. The claim has been pending for three years. The second question concerns property belonging to the wife of the American consul at Smyrna upon which immigrants have established themselves and which the government now agrees to purchase.

The Rev. Dean E. M. McGinnity preached an impressive sermon at the funeral of the late Mrs. Cantillon at St. Patrick's church last Sunday, this being the first occasion of the dean giving an address this year.

## MYERS HOUSE AN OLD LANDMARK

HAS SHELTERED SOME OF THE WORLD'S GREATEST MEN.

### STARVED RATS IN CORRIDORS

Now Make It Dangerous To Enter Place, After Nightfall—Hardwood Meat Block Devoured.

Old residents of Janesville to whom old associations and landmarks are rather more than costly monuments will not rest easy until the doors of the Hotel Myers once more swing open to welcome the weary wayfarer and the citizen who was wont to spend an evening in lobby talking with old associates of still older associations.

**House of Many Memories.**  
Many tender memories cluster around this hostelry. Built in 1860 on the site of an old stage depot and opened in 1861, it has sheltered many of the great world's greatest men, soldiers and statesmen, renowned travelers and artists, orators that moved and swayed their audiences and spurred them to action and power lost and almost forgotten savants and heroes, the wisest, noblest, and the best have crossed that threshold to linger for a day.

**No Shadowy Train.**  
It was in the lobby of the Myers House that citizens paid their homage to these guests. It was there that the greatest questions that ever perplexed a nation were discussed. The great men of war times were very close to the people and their coming and going was not as the passing of a train of shadowy specters. Great dramas of intense human interest were enacted under the walls of the old hotel.

**Charles Sumner's Telegram.**  
Martin Dunn, for twenty-eight years clerk at the hostelry, remembers the night that Charles Sumner received the telegram announcing the elopement of his wife with a British officer, and can point out the room where he found him in tears. Yet he delivered the address expected of him that night in Janesville and few knew or even suspected the shadow that had crossed his life.

**Many Notable Men.**  
General Grant, Stephen A. Douglas, Theodore Parker, Bayard Taylor, Wendell Phillips, and Robert J. Walker, are a few of the names that were inscribed upon the register. In 1867 the hotel was closed for a time, but with the burning of the Hyatt House its corridors once more admitted light and life and its history was uninterrupted for thirty or more years thereafter.

**Its Faithful Friends.**  
There was a coterie of faithful friends that remained in the hotel up to the hour it closed a few weeks ago. Caldon Bassett lived in the same room and paid the same rental for over fifteen years. Hans Trofren was another who had been there many years. And there still others whose occupancy dated back a decade or more.

**Now the Prey For Rats.**  
Half starved, ferocious rats now scamp down the empty corridors. The waste food that formerly attracted them is longer forthcoming. Yet they still linger. In desperation they have attacked the wooden meat block, and it is practically destroyed. The soldier has been gnawed from a silver sugar bowl for the few grains of nourishment to be found within. So fierce have these animals become that it is unsafe for any human being to cross their paths, especially after nightfall. The home that sheltered great men has become a wild beast's lair.

## RECOMMENDS THAT THE STONE QUARRY

Be Reopened—Money Now Spent in Rental Is Uselessly Wasted.

Mayor Wilson opened last evening's meeting with a message recommending the reopening of the stone quarry. He thought that a new lease might be arranged that would give the system a practical test and that the \$300 rent which is now paid was simply a waste of the city's money, as no benefit whatsoever was derived from the quarry under the present conditions.

**Street Grades and Curb Lines.**  
During the evening the city engineer was instructed to establish a grade for Elizabeth street and to establish a curb line on Madison street, also curb lines on Home Park avenue. Curb lines and grades were also requested for parts of Wisconsin street. On motion an order presented by Alderman Connell for the temporary repair of East Milwaukee street between South Bluff and Division streets. A letter was received from Alderman Mills enclosing an order for the construction of a plank walk across Prairie avenue, one block north of St. Mary's avenue. On motion the order was passed.

**Viaduct to Go.**  
John Horton was given permission to move a small barn on Wheeler and South Bluff streets, being held responsible for any damage to the roadway that might be caused. Alderman Matheson presented an order, which was adopted empowering the street commissioner to remove the viaduct on Vista avenue in River view park, to repair the road bed at this point and to also repair the Oak street viaduct, the total cost not to exceed \$200.

**Voting Booth Investigation.**  
The question of future disposition of the voting booth which is located on part of a lot in the Fifth ward for which the city pays a rental of \$36 per year, was discussed and was referred to the alderman from that ward, who is to investigate and report on what will be best to do with the booth.

## WITH LINK AND PIN, Men.

North-Western Road.  
August Bush, stationary engineer; Herman Donner, boiler washer's helper; and Marzuff Bliss, boiler maker's helper, are on a hunting trip to Koshkonong today. Frank Siebert is relieving the first named.

Frank Schmidey, fireman on the northern Wisconsin division is off duty on account of illness.

Conductor Tucker is relieving Conductor R. H. Clark on the Minnesota time freight.

Engineer Fred Shumway, of the Wisconsin division is at Koshkonong today.

Engineer Sullivan is relieving Engineer Barrett on the Baraboo stock run.

Two train loads of western stock passed through Janesville last night.

One of the box cars of the C. R. R. of N. J. line was switching on the tracks this morning. The New Jersey cars are rarely seen in this vicinity. The mark of the line is a red and white bull's eye and the one on the car this morning showed that small boys with pop-guns along the rails had not allowed the opportunity to slip by them.

**St. Paul Road.**  
A man, somewhat the worse for liquor, boarded the Chicago passenger at 10:30 this morning by mistake. When the train reached the Pleasant street crossing he discovered that it was not bound for Beloit and attempted to alight by jumping from the platform and striking earth with both feet simultaneously. In consequence he described a series of evolutions which caused onlookers to hold their breath in horror. He rolled along the ground with his feet almost touching the rails for several yards and those who saw him expected at any instant to see his limbs ground under the wheels. Spectators were certain that if he had been sober he would have been killed.

Brakeman John Jarvis, of the Mineral Point is sick and off duty.

Locomotive 209, one of the way freight engines running between Janesville and Chicago, is in the shop for repairs. Some of the bolts in the frame are broken and the pieces had to be dislodged with gun powder this morning.

### General Railroad Notes

The Great Northern will spend \$1,000,000 in preparing its Smith's Cove docks for huge trans-Pacific liners. The work will occupy a year and a half.

President Truesdale of the Lacawanna railroad, who has just recovered from a serious illness, sailed for Europe last Friday morning for a two months' trip abroad. During Mr. Truesdale's absence the affairs of the road will be in charge of the vice presidents.

Benjamin L. Winchell is now third vice president and sole executive head of the Rock Island system in the west. Although the fact that he was to occupy an important position in the service of the company has been known in railroad circles for some time, it was not until yesterday that the official announcement of his appointment was made by President Leeds.

The steam railway from Madison to Green Bay by way of Oshkosh is assured. A syndicate has been formed and the capital is certain. It will require \$3,000,000. Today at Beaver Dam the survey of the route will begin. A statement to this effect was made at Oshkosh today by H. S. McFall of Cleveland, O., who represents a firm interested in the project. Among the other cities mentioned on the new road are Waupun, Beaver Dam, Neenah, Menasha, Appleton, and other points in the Fox River valley. The road will be 150 miles long.

## THOMAS FINDS NO EVIDENCE YET

Railway Commissioner is Unable to Substantiate La Follette's Claims.

John W. Thomas, state railroad commissioner, has returned to Chicago to resume his investigation to discover whether or not railroads operating in Wisconsin have been giving rebates to favored shippers. Mr. Thomas says that the first week's work of his corps of expert accountants had not uncovered anything tending to show that rebates were being given to Wisconsin shippers by the Milwaukee company. The commissioner added that he had been accorded the fullest assistance by the railroads, and that he was entirely satisfied with the progress of the work. He does not contemplate increasing his force of two expert assistants.

## BARN BURNED LAST TUESDAY

Lightning Set Fire to Ellis Casper's Farm Building.

During the severe thunder storm of last Tuesday the barn of Mr. Ellis Casper in the town of Fairfield was struck by lightning and burned to the ground. The loss will be a heavy one to Mr. Casper as he had it well stocked with his crops of the past summer.

## BUILDS CONTRARY TO THE ORDINANCE

S. D. GRUBB ERECTS BUILDING ON NORTH JACKSON STREET.

### BUT THE WALLS ARE TOO THIN

Buildings Within Fire Limits Must Have 12-Inch Walls—New Structure Has But 8-Inch Outside Walls.

The new building going up on North Jackson street has been found to be constructed in direct violation of section three of the city ordinances. S. D. Grubb is the owner of the structure and it is said that he has made a part of the outside walls eight inches thick instead of twelve as this section of the ordinance directs for buildings within the fire limits.

**Chief Klein Explains.**  
Chief Klein was called upon to give his version of the affair and said at the council meeting that the building had been started without any permit at all, but that he had written Grubb and enclosed a permit and returned to him. As he had been busy he had given the matter no further thought until recently when passing the partly finished structure had noticed the manner in which the outside walls were built. The discussion of the situation took up some time and considerable interest was taken as the situation is one not often occurring.

**No Amendment Likely.**  
It appeared as though the only way out of the difficulty was to amend the fire ordinance, but the suggestion that this should be done brought forth many objections and it is extremely unlikely that such a course would be taken.

**Built Correctly to First Floor.**  
Chief Klein gave a very clear account of his part in the proceedings, and told how the wall was twelve inches in thickness only to the first floor and that above this point it was but eight inches in thickness. No definite action was taken regarding the matter and it is uncertain what will be done.

## NO DIAMONDS IN WISCONSIN SOIL.

Hopes of Future Kimberly Mines in the Badger State Are Killed.

If any one had any hopes of finding a rough diamond in his backyard or along the streets of Janesville he must suffer disappointment. There are no diamonds in Wisconsin. There may be lots of oats, corn, tobacco and even copper and iron but diamonds are missing. This is the ultimatum of Warren S. Johnson, president of the Johnson Electric company of Milwaukee in a paper on Wisconsin before the Milwaukee Literary club.

**Old Story.**  
Some time ago the Gazette published an account of the finding of diamonds on the lake shore between Milwaukee and Chicago. The story reached the eye of a New York man who was interested in the subject and he wrote for information. Professor Johnson has shattered all theories and all hopes of persons who would be rich by finding huge stones of diamonds in the streets of Janesville. Also Mr. Johnson made an interesting statement that Wisconsin was at one time an island along the shores of Lake Superior. That the level lands of the forests of the northern part of the state were once high mountain ranges.

**Diamonds Once.**  
The professor, however, held out a single hope that stray diamonds might be found but that the looking for them was like looking after needles in a hay stack. Coal and gas were also not elements to be found in Wisconsin. Gas had been discovered, but it was only a kind of marsh gas, he called it, and it soon disappeared and money was lost in trying to sink wells for it.

Children like Pico's Cure. It is pleasant to take and cures their coughs, etc.

### DAINTY TABLE DECORATIONS

**What to Use and Where to Get It.**  
The party season is on and the hostess must begin racking her brain for new and pretty effects for the table, at her first and following functions. There are those dainty little shell cups which are used so much these days and which go so far toward making a table attractive. They come in all colors and any number of shapes. There are the heart shapes so pretty in carrying out the idea of a heart party, and the tiny fluted ones, which are just the thing for salted nuts. Then how much prettier the ice cream looks when placed upon the dainty lace paper dollie. These too come in many varieties and shapes and save the cream from sliding all around one's plate at the standing affairs, which takes a load off the marcelline mirth. Candles, Oh, yes, they are to be found at the same place and come in every delicious kind which any one knows anything about. It is the store with the palm room, the electric sign, and all the modern equipment. The store on the bridge, Tidyman and Hayes.

## LARGE AUDIENCE HEARS MINSTRELS

Entertainment of Real Black-Face Comedians Was of Mediocre Sort, with a Few Good Features.

A large audience greeted Alexander Bros. Plantation Minstrels at the Myers Grand last evening. The entertainment was a mediocre one, with a few good features. The music of chorus and orchestra was

not first class but the Comedy Band and Sunflower Quartette made a hit with their specialties. John Pampin, the juggler, performed some new and astonishing feats. The black "Chloe-a-dora girls" danced much better than they sang. The "cags" of the bones and tambos, as might have been expected, were not of the most polished order.

## STORM SEWERS AT FIVE POINTS

Discussed at Last Night's Council Meeting—Effective Drainage System Needed.

At the council meeting last evening the question of who should take care of the "storm sewers" located at the Five Points was considered at some length and on motion was referred to the street commissioner. These sewers or gutters have become stopped with refuse and during the heavy rains have at times become entirely clogged so that the water stood for some way back on the streets. The lower ends of these gutters are on railway property and the propriety of the railroads taking care of them was considered. It appeared that in times before, when the sewers had become stopped the railway people had remedied the condition when requested to do so by the council and it was the opinion that they would at least assist in the cleaning at this time. It was shown at the meeting last evening that some effective drainage system should be installed and that as it was the North-Western and St. Paul roads' property in part, they ought to stand a portion of the expense. When first brought up in the evening, the matter was referred to the highway and judiciary committee, but after hearing Alderman Connell's and others' opinion on the subject, on motion of Alderman Sale, the matter was referred to the street commissioner who was instructed to adopt the suggestion of the city engineer as to making temporary relief. Alderman Sale suggested that his amendment of the street railway ordinance which was brought up at the last meeting be referred to the highway and judiciary committees. He stated that the street railway company had requested a hearing on the proposed amendment before further action was taken.

## LAST PEACHES ON THE MARKET

It Has Been a Fair Season for That Fruit—Grapes Will Soon Be Plentiful.

The last shipments of Michigan peaches are now coming into the market and soon the last of the crop of 1903 will have disappeared from the dealers' counters. The season practically closed last week and has been a success so far as Janesville is concerned. In Milwaukee while the bulk of the shipments were large, the car ferry shipments were uncertain and in most cases were billed into the state points by the commission houses. "Since the middle of July when the fruit began to arrive, up to the present time, daily shipments have ranged from 5,000 to 25,000 fifth bushel packages daily," said a Milwaukee commission merchant the other day. "The quality of the fruit has been excellent and prices have been lower even than in Michigan, where the heavy demand from New York state sent the market up on all peaches not already contracted for. There was not as much canning trade as last year."

Grapes are making their appearance in Janesville in good quantities coming mostly from New York state. A commission merchant who some weeks ago went through the vineyards of the Empire state, said that the crop will be at least 35 per cent. smaller than last year. This fact, however, has not been noticed in the local market to any extent. Apples are coming fast and fall shipments will be received. The Michigan fruit is selling now at about thirty and forty cents a peck.

Only the cheaper grades of pears will now be found on the market as the season is fast coming to a close. The kinds now offered go for \$1.15 per bushel and 40 cents a peck. The crop has been fair this year of the better varieties. Soon the grocers will begin getting their supply of nuts for the holiday trade.

## ANOTHER TRAGEDY WAS REPORTED

Clinton Woman Shoots Herself in the Stomach with a Shot Gun.

Not satisfied with one mystery the little town of Clinton must now furnish another, this an attempted suicide of a young woman owing to a family quarrel. Mrs. David Crestman was formerly Miss Nettie Reor. She lived on her father's farm west of Beloit until her marriage a short time ago to Christian. Since then she has made her home in Clinton. For some time past family rows have been frequent and on Friday last Mrs. Crestman could stand it no longer and after an unusually heavy dispute with her husband deliberately took a gun and shot herself. The entire charge entered her stomach and penetrated her kidneys. Mrs. Crestman fell to the floor and her horror stricken husband rushed for help. She is just lingering between life and death and her recovery is doubtful. As Miss Reor she was well known to Janesville and Beloit people and was very popular.

**THE INDIAN RUBBER INDUSTRY**  
People who are interested in rubber plantations will find satisfaction in figures recently compiled by the Treasury Bureau of Statistics, showing the importance of the rubber industry.

The figures show that more than 50 million pounds of India rubber, valued at more than 30 million dollars, was imported into the United States last year. In 1890 the quantity was only 33 million pounds. In 1890 16 millions, in 1870, 9 millions, and in 1862, the earliest date at which it was separately shown in the import statements, was only 2,125,161 pounds. This very rapid growth into the importation of crude India rubber is of course due to the great increase in its use in manufacturing, both as to rubber garments, shoes, etc., and its use in machinery and tires for vehicles. Over 100 million dollars' worth of manufactures from India rubber are now turned out from the factories of the country every year, and about half of this total is in the form of boots and shoes. So great is the demand of India rubber for use in manufacturing that not only has the importation grown from 2 million pounds in 1862 to over 50 million annually at the present period but in addition to this the forests of the East Indies are called upon for several million pounds annually of a new substitute for gutta-percha, known as "gutta-jalotong," while at the same time the highways and the byways of Europe and other countries are ransacked for cast off rubber manufactures from which the rubber is "reclaimed" and reused in conjunction with the new rubber from the forest of Brazil, Africa, and the East Indies.

They show that during the past few years the importations of crude rubber have ranged from 50 to 55 million pounds; of gutta-jalotong from 5 to 15 million pounds, and of "old and scrap rubber, fit only for remanufacture," from 10 to 20 odd million pounds per annum, and the gutta-percha a half million pounds. The industry of importing and "reclaiming" India rubber for reuse in manufacturing is a comparatively new one, and while it utilizes large quantities of worn out rubber boots and shoes and other articles of this character from the scrap heaps of the United States, it has only extended to other parts of the world in recent years. In 1893, for example, the total importation of "old and scrap India rubber fit only for remanufacture" was less than a million pounds. In 1896 it was over 3 millions, in 1898 more than 9 millions, in 1900 19 millions, in 1902, 22 millions, and in 1903, 24,559,394 pounds, valued at \$1,516,137.

Gutta-jalotong is another comparatively new material which may be utilized as a substitute for or in conjunction with India rubber. It is a product of the East Indies, chiefly the island of Borneo, located not far from our Philippines, and in the form in which it is imported is described as "whitish in color, looking something like marshmallow candy, smelling strongly of petroleum, and oxidizing on the exposure to the air, becoming hard." The same description says: "It is not a substitute for gutta-percha or India rubber, but is used chiefly as a filler in manufactures of India rubber gum, and gutta-percha." The importation of this newly developed aid in the manufacture of India rubber has increased from 6 1/2 million pounds in 1899 to 14 million pounds in 1903.

A very large portion of the India rubber imported into the United States is produced in Brazil. Over one-half of the total is imported direct from Brazil, while considerable quantities come from the United Kingdom, presumably the products of her colonies, and from Belgium, chiefly the product of the Congo Free State, which is under of the

Belgium Government and its industries of this character controlled by the people of that country. Recent reports received by the Division of Statistics show that experiments in the East Indies have shown the entire practicability of producing the best Para Rubber in territory immediately adjacent to the Philippines from trees transplanted from South America, and suggesting the possibility that the Philippine Islands may in time supply at least a part of the growing rubber consumption of the United States.

## BOBBETTE FOLLETTE.

I am bound to be distinguished  
Above the common throng;  
Long ago I chose my motto:  
"Whatever is, is Wrong!"

First I yelled it to the farmers  
Till I caught the public eye,  
And was boosted into office  
By this populist cry.

Then I caught the politicians  
With my pessimistic creed,  
And I got the whole crowd solid  
To satisfy my greed.

Oh, these chumps! they are so easy:  
All I have to do is yell,  
And they think our splendid nation  
Is going straight to — well —

Thus you see I have a purpose  
In creating discontent;  
Once the voters think I'm Moses  
They'll elect me president.

So I shout that all is rotten—  
Everywhere you hear my song—  
I'm a prophet of destruction:  
"Whatever is, is Wrong!"

—VOTER.

## RICHARD LESTER PLEADS GUILTY

THROWS OFF MASK OF INSANITY  
AND CONFESSES BURGLARY.

### SPEND ONE YEAR IN WAUPUN

Given the Minimum Sentence for  
Burglary at Night, by  
Judge Fifield.

After twenty-four hours' sojourn in the city lock-up Richard James Lester, alias H. J. Lawrence, the man who held up Connel McDonald's restaurant Sunday night, broke down this morning. When confronted by the facts concerning the robbery of W. W. Clarke's store in Milton and the evidence which pointed unmistakably to him, Lester confessed to Sheriff Appleby that he was the burglar. He said he cut the glass of the window and robbed the tills of \$10 and some counterfeit money and old coins.

Wearied of Insanity  
He said he was tired of the "insane racket" when one didn't get enough to eat. He acknowledged taking Will Paul's shirt away from him at the point of the gun and also helping himself to a livery rig being driven by one of the men in the employ of Liveryman Thompson. He denied that he hit the driver, asserting that he persuaded him to get out and hold the horse's head, and then drove off without him.

One Year in Waupun  
Lester said he would plead guilty and was brought up in municipal court this afternoon. He was given one year in Waupun, the minimum sentence.

## ARM BROKEN

### IN MANY PIECES

New Fireman at Art Study Company's  
Plant Meets with Misfortune  
the First Day.

Ed. Hause of 85 Fifth avenue, new fireman at the Art Study company, while trying to place a belt on a wheel at quarter past two this afternoon caught his hand in the machinery and had his arm horribly crushed and mangled, the bones being broken into bits.

A call for the ambulance was immediately sent in and the long trip to Monterey made in excellent time. The man suffered agonies while being cared for, but everything possible was done to alleviate his suffering.

Hause had climbed a tall step ladder to reach the high shafting and while trying to place the belt on the swiftly turning wheel, his arm in some way became caught and before the machinery could be stopped, was terribly shattered. He only started to work for the company this morning.

## OBITUARY

### Mrs. Joseph Yowell

News has been received here of the death of Mrs. Joseph Yowell of Springfield, Ill., which occurred at that city after an illness of several weeks' duration. Mrs. Yowell will be better remembered as Miss Anna Barham, who passed her girlhood days in Janesville, and had a host of friends who will be pained to hear of her death. A husband and four sons are left to mourn the loss of a devoted wife and mother.

### Mrs. H. L. Washburn

Word has been received of the sad demise of Mrs. H. L. Washburn of Brooklyn, N. Y., on Tuesday last at West Hideswater. Mrs. Washburn will be remembered as the sister of Mrs. E. G. Fifield. She has visited here many times and was about to come west to be present at the golden wedding of Mr. and Mrs. E. G. Fifield on the 21st of this month, when taken ill. She was seventy-four years of age.

### Died in Beloit

Dennis Madigan, one of the oldest residents of Beloit, died suddenly at his home last night after a brief illness. Mr. Madigan had been in the employ of the Beloit Iron works for 40 years. He was a prominent Catholic and enjoyed the highest regard of all who knew him. He was 63 years of age.

### Mrs. Thomas M. Jamieson

The body of the late Mrs. Thomas M. Jamieson arrived from Idaho Falls yesterday afternoon and was taken to the undertaking rooms of H. Ryan & Son, from which place the funeral was held at 9:30 this morning. The service was held at the cemetery, Rev. Denison officiating. The pallbearers were Lee Perry, Azro Clark, M. B. Clark, George Baneroff, Ira Crosby, and William Butler.

### Thomas McBride

The remains of the late Thomas McBride of Milwaukee arrived in Milton last night and the funeral was held from St. Mary's church, this city, at 10:30 this morning. Solemn high mass was celebrated. Rev. C. F. McBride of Oconomowoc was celebrant. Rev. F. J. Lillias of Platteville, deacon, and Rev. Ryan of St. Francis Seminary, sub-deacon. The pallbearers were Phillip Doherty, James Doherty, Joseph Barnard, James Burns, Michael Connors, and Patrick Boyle. Among the clergy who attended the services were Rev. M. J. Hueton of the Soldiers' Home, Milwaukee; Rev. M. E. Down of Whitewater, Rev. M. A. Condon of Oregon, Rev. N. D. Becker of Peawaukee, Rev. D. McGlinnity, Rev. W. A. Goebel, and Rev. James McGlinnity of Janesville.

## THE TWO FARMERS PLEAD NOT GUILTY

W. H. Bliss and Henry Ullick Will  
Have Their Hearings on  
Monday Next.

Farmers W. H. Bliss and Henry Ullick, the source of "a river of blood" that flowed from the corner of Milwaukee and River streets Saturday afternoon, appeared in municipal court yesterday and in answer to the warrants which each one swore out for the other, both pleaded "not guilty." Their hearings were set for Monday next. The altercation arose over the divorced wife of one of them.

of Assault—Gets Fifteen  
Months.

Louis Smith, the colored man who was arrested in Beloit some weeks ago on the charge of knifing a man, appeared in municipal court yesterday and pleaded guilty. He was sentenced to fifteen months in the state prison at Waupun and was taken there last night.

Mrs. Fifield Entertains: Mrs. Eliza Fifield entertained fifty of her friends last evening at her home, 108 Washington street. Six handed euchre was the game played and the guests experienced a delightful time.

## SALVATION ARMY LEAVES THE CITY

SHAKES JANESVILLE DUST FROM  
THEIR SHOES.

### GO TO WHITEWATER NEXT

Could Not Earn Enough To Live On  
Here—Small Contributions.

Janesville is no longer to echo with the sound of the drums of the Salvation Army. No longer is the cause of Christ to be preached on the streets by the earnest workers of the followers of Booth. They have decided to abandon Janesville. To leave the unsaved souls of this city unsaved, and continue their labors in some other locality where aid and cooperation of the citizens will bring about better results than exist here.

Little Help  
Captain and Mrs. Brown will depart for Newark, Ohio, for a much needed rest and Captain and Mrs. Hilborn will move the paraphernalia from Janesville to Whitewater where the army will establish headquarters and continue their work.

Small Accounts  
The Salvation Army officers support themselves. They depend upon their nightly collections and the contributions of citizens to keep the good work going. During the past week the entire amount collected was \$1.30, which was all three persons were supposed to have to live on.

For some time past the work has been uphill for the plucky leaders but the question existing comes forward now and they are forced to abandon the field. They will go to Whitewater where the use of an old Baptist church has been offered them and there they will continue the work.

Did Good  
While the army has been established here they have done much good. They have always had earnest leaders in charge and the street services led and the later services in the barracks have been productive of much benefit to those who have listened. What is Janesville's loss in Whitewater's gain.

## ODD FELLOWS LEAVE TODAY

Program of the Exercises in the Capital City - The Largest State

Gathering in Many Years.

Today the local Odd Fellows leave for the state encampment at Madison and those fortunate enough to go are looking forward to a delightful stay in the Capital City. It is thought that this will be the largest gathering of Patriarchs in many years and much important business will be transacted. The following is the complete program of the exercises and meeting:

Tuesday.  
Competitive drill by Cantons.

Grand encampment march to hall, escorted by militia, headed by Nischke's Wisconsin State band.

Grand encampment called to order for business.

Exemplification Robert's Degree.

Competitive degree work, first, second and third degrees.

Wednesday.  
Patriarchs militant—Council.

Grand encampment called to order.

Reception.

Dance.

Thursday.  
Conferring the degrees of eligibility.

Friday.  
Porch Shade Company is holding meeting today.

Board of Directors in its session this afternoon will elect Old Guard.

The stockholders of the Hough Porch Shade company are in session this afternoon. Business relative to the concern will be passed upon and a new board of directors elected. It is said that the same officers will be re-elected although others may be some minor changes made. The meeting was called to order at three o'clock.

## ALL VOTED TO ATTEND FESTIVAL

The Mayor and Councilmen Will Go  
in a Gaily to the Flag Dedication.

The city fathers have varied from their usual staid proceedings for last night they agreed to be present in a body at the celebration next month of the Bower City Vexilla, No. 31. This organization sent a formal invitation to the mayor and the entire council to attend their eighth annual festival and the dedication of their flag, which will be held on the 6th of November at their hall, and the letter to that effect was read during the meeting. The council invitation was unanimously accepted and the council further voted to attend en masse.

## WAS A KITCHEN SHOWER

Bride-to-be the Guest of Honor at  
"Progressive" Dinner Party.  
Mrs. O. H. Payer, 233 Center avenue, entertained last evening for Miss Edith Diller and a kitchen shower was arranged for the bride-elect whose marriage to Clarence Homers is to take place Thursday afternoon. Miss Dorothy Madson assisted with the hostess and the evening was spent at cards. The first prize was won by Miss Lulu Wilbur and the second fell to Mrs. D. J. Luby. Miss Agnes McNeill carried away the consolation.

## Well Known Here

Mr. J. J. Fletcher, Supl. of the milk pasteurizing business in this city, is willing to certify that Dr. Richards, dentist, did recently extract eight separate teeth for him without hurting him a particle. Dr. Richards' patients work is bringing him a large patronage, not only from our home people but from Stoughton, Milton, Clinton, Evansville and other neighboring towns.

## ...Forty Years Ago...

Janesville Daily Gazette, Tuesday, October 13, 1863—Gold has taken an extraordinary rise, selling at 50, but receding to 51 1/2. The movement of Lee, and the danger from the political crisis at the elections transpiring, must be the cause.

Dr. S. Wolcott and Castleman have been taken prisoners by the rebels. So says the Milwaukee News.

Col. Lucius Fairchild has left Madison to rejoin his regiment.

Maj. E. A. Calkins is on his way to rejoin his regiment under Gen. Blunt.

Gov. Salmon "gone" to Washington to make arrangements by which the quotas of localities shall be properly credited in the forthcoming draft.

Rumors of A Coming Revolution in Ireland.—A piece of news has does not surprise us, and which we should not be sorry to see confirmed. It is published by the International French Journal appearing in London, and is to the effect that conspiracy is now openly organizing in Ireland, against the English domination of course. The conspirators, who call themselves "Fenians" (!) and "Sons of St. Patrick," are said

to be 50,000 in number, all armed, and only waiting an opportunity to shake off the Saxon yoke, and proclaim the independence of Ireland.—Gazette de France.

The Elections.—The election in Ohio is progressing favorably. Many democrats in Vallandigham's own city, Dayton, are voting for Brough. Some of the towns on the Reserve are going almost en-masse for the Union candidates. In Pennsylvania, we trust, the good cause is being equally well sustained.

Gen. Sherman's Advance.—The Chicago Journal, of yesterday, says: We have later advices from the advance of General Sherman's army. One week ago today it was near Tusculum, Alabama, about 65 miles east of Corinth. It has, ere this, undoubtedly passed Decatur, and is within supporting distance of Rosecrans. The army consists of the entire 15th army corps, the right wing of the 10th army corps, and the seventh division of the 17th army corps—making in all a considerable army of western veteran troops, under the command of a veteran general. These troops, with those from the Potomac, already at Chattanooga, will swell Rosecrans' command to at least 100,000 men.

RIFLE SHOTS  
AT STAUD MILTON

Man Drove Through the Streets Sunday Night, Shooting Off a Big Rifle.

On Sunday evening the quiet little town of Milton was the scene of a truly wild west carnival. A hatless, coatless individual drove through the streets with a big Winchester peeping from the edge of his buggy. He had a wild expression on his face and after leaving his horse at a livery barn went to the Cottage hotel, where he procured food paying for it in counterfeit money. He then returned to the barn, secured his horse and after emitting several war whoops commenced "shooting up" the town. He did no damage and didn't hit anyone, although several pedestrians had narrow escapes. After satisfying his wild west spirit he departed towards Janesville. It was later learned that he stopped a farmer named William Paul on the road between Milton and Janesville and forced to give him a shirt at the point of a rifle. He is believed to have been Lester who is now locked up for trying to shoot up McDonald's restaurant later that night.

## Willard-Gage

At the home of Mr. and Mrs. Asa Willard of Johnstown Center occurred last Thursday evening the wedding of their daughter, Alice, to Frederick Gage.

The ceremony took place at eight o'clock; when entering the room while the wedding march was being rendered on the organ, the bride and groom took their places beneath a beautifully festooned evergreen arch, and there in the presence of some eighty guests plighted their troth each to other for life.

It was a charming wedding. The bride beautifully attired, showed to advantage beside her stalwart husband, and the congratulations offered were the more hearty because of the known personal good qualities of both parties.

The arrangements cared for by the uncle of the groom were perfect, and everything went off as smoothly as a marriage bell. The groom was accompanied by Mr. Roy Gage and the bride by Miss Mina Gage, to the altar. The uncle of the bridegroom gave away the bride and Rev. C. Bulley of Shopley spoke the words that united the contracting parties. Many valuable presents were left as tokens of the esteem in which Mr. and Mrs. Gage are held. A bountiful supper added to the flow of reason and feast of soul incident to the occasion, combined to make the evening one of the pleasantest in the lives of the guests. May the evening's joy be with the couple until death shall them part.

Happy and graceful women congratulate themselves for using A. B. C. Family Tea. It brings health and happiness. 25c a package only. Badger Drug Co.

# 400 PER CT. PROFIT!

## MADE IN MANUFACTURING OUR HORSE BLANKET PINS.

The large mail order houses such as Montgomery Ward & Co., Sears, Roebuck & Co., and Butler Bros., of Chicago, it is expected will sell at least 15,000 gross the first year, on which we make a profit of \$4.00 per gross—just \$60,000 net, or just 24 per cent. on the entire capital stock of the company, which would be 48 per cent. on your investment at 50 cents per share. We are also manufacturing a number of specialties such as Garment Hangers, Pencil Holders, Display Card Stands, Telephone Receivers, etc. (see samples at the Rock Co. National Bank) on which we make a profit of 100 per cent. In addition to this we are now doing a mail order business, and have over 1000 agents who are selling our different products to the consumers.

**Our Stockholders are more than confident** that our stock will be worth many times its present value within a reasonable length of time, because of the many different things we manufacture. Some think that our large Hook and Eye for horse blankets will be the greatest dividend payer of anything we manufacture at the present time.

**DOUBLE POINTING MACHINE.**  
 Takes wire from the coil, cuts, straightens and sharpens both ends instantaneously. Prepares wires for both Hook and Eye machines, and is adjustable for all sizes. Designed especially for the U-Pin-It Hook & Eye Co. by the Waterbury Machine Co.

<b>Our Ten New Machines when completed will give us the Following Results:</b>			
Per day, 700 gross	\$350	\$875	\$525
Per year, 210,000	\$105,000	\$262,500	\$157,000

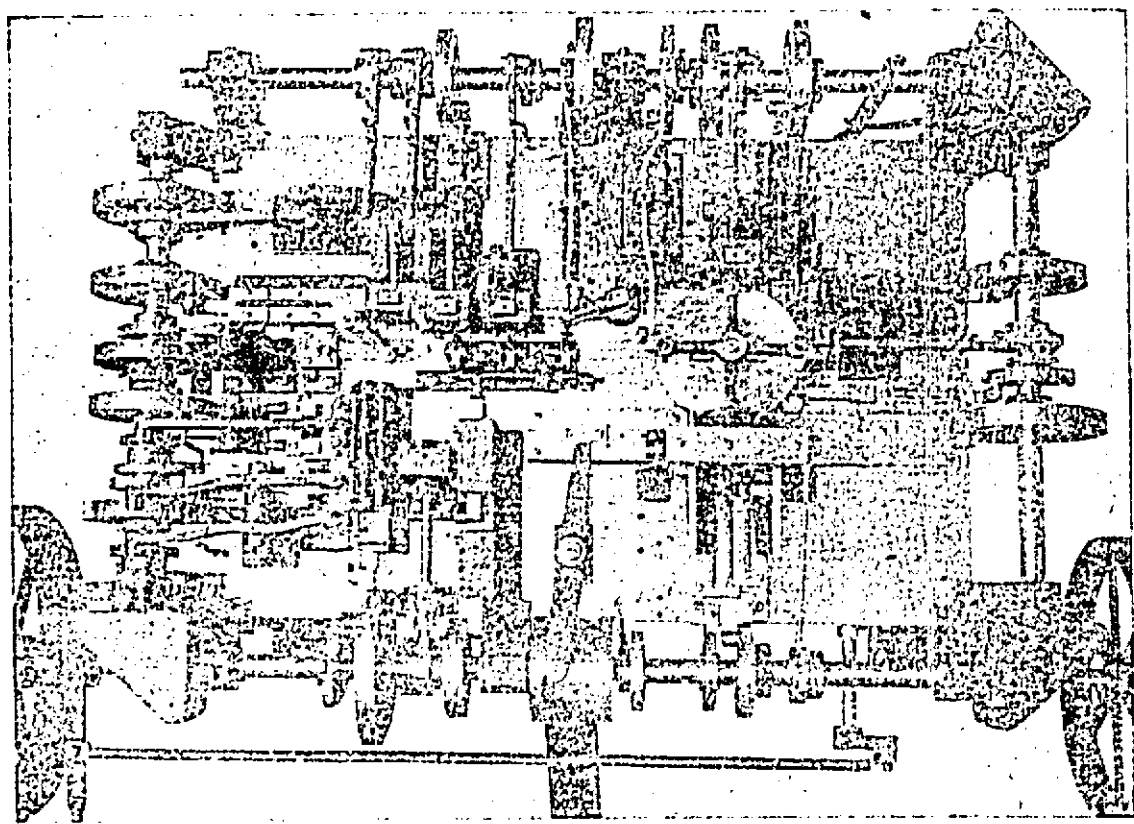

Estimating the office expenses, cost of advertising, etc., at 50 per cent of the profits, with only our present capacity, there should be \$22,500, net profits to pay out on a capital of \$250,000 next year, just 9 per cent on our capital stock. If you purchase stock at 50c a share, you would be receiving 18 per cent on your investment. By adding ten machines the dividends would be increased, as the above figures will show, to 31 per cent on the capital stock or 62 per cent on the investment. These figures do not include the profits made on our horse blanket pins and mail order business.

In figuring the profits on ten machines, it is not to be understood that we will not need more than this number, for we need ten additional machines now. The DeLong Hook and Eye Company have over 50 machines in operation and employ about 200 people in their plant at the present time.

Thirty-three and one-third per cent of the women who have given the U-Pin-It Hook and Eye a practical test have actually endorsed it; this means that of the 6,000,000 gross or more of hooks and eyes manufactured and sold every year, we will be the producers of at least 2,000,000 gross on which we make a profit of 75 cents to the jobber and \$1 to the retailer.

We are informed that the manufacturers of the "Hump" Hook and Eye, to be sewed on, have made over \$1,000,000 in profits in the last few years. Their stock has been recently quoted at \$10 per share—par value \$1.

We are the inventors and sole manufacturers of the U-Pin-It Hook and Eye, the only Hook and Eye in the world that positively does away with sewing.

It is not in the least improbable that shares of stock, which are purchased for 50c per share, will within two or three years be worth from \$2 to \$5 each. As a profitable investment for the individual purchaser of U-Pin-It stock, this will, therefore, need no further emphasis than that we CONFIDENTIALLY BELIEVE this advanced figure will be realized. On the basis of "public spirit" the location of our factory in Janesville and the general benefit of the enterprise to its citizens and vicinity will be apparent to you.
